Happy New Year 2023

What an exciting time of year! The New Year is a great time of year for reminiscing and looking forward to new adventures. Often there are parties, fireworks and family gatherings that we all love. Children can join in the fun with bright and colourful New Year crafts.

ACTIVITY 1- COLOURING WORKSHEET

ACTIVITY 2: READING STORIES

Stories are so much fun for our young learners. They love listening to stories if you make it a fun-filled experience for them and not just a reading session. You can teach the children any concepts through stories, hence get started with colourful storybooks to get their attention.

Benefits of reading books daily to your children:

- Builds a child's vocabulary.
- They use the new words in their daily conversation.
- Builds confidence while communicating in front of an audience.
- Read and write independently, as they will be able to identify the words from daily reading.
- Enhance their thinking skills.
- Develop their own perspective and respect others opinion.
- Get creative in their own imagination and stimulate curiosity.

THEME-ANIMAL KINGDOM

ACTIVITY 3- ORIGAMI COOTIE CATCHER (FARM ANIMAL)

Farm animals are animals that are raised and kept for agricultural purposes. They include cows, chickens, horse, pigs, geese and more.

Kids absolutely love farm animals – they’re a staple part of primary school learning, especially in younger kids, and seem to have transfixed children for generations. It’s important to teach about farm animals for kids and how [farms](#) work, for a variety of reasons. For one, it's really important kids know and understand where their food comes from. This can help kids appreciate their meals more, understand the complicated process of how it ends up on their plate, and have some awareness for the issues surrounding this – food doesn’t (all) grow on trees!
